Introduction

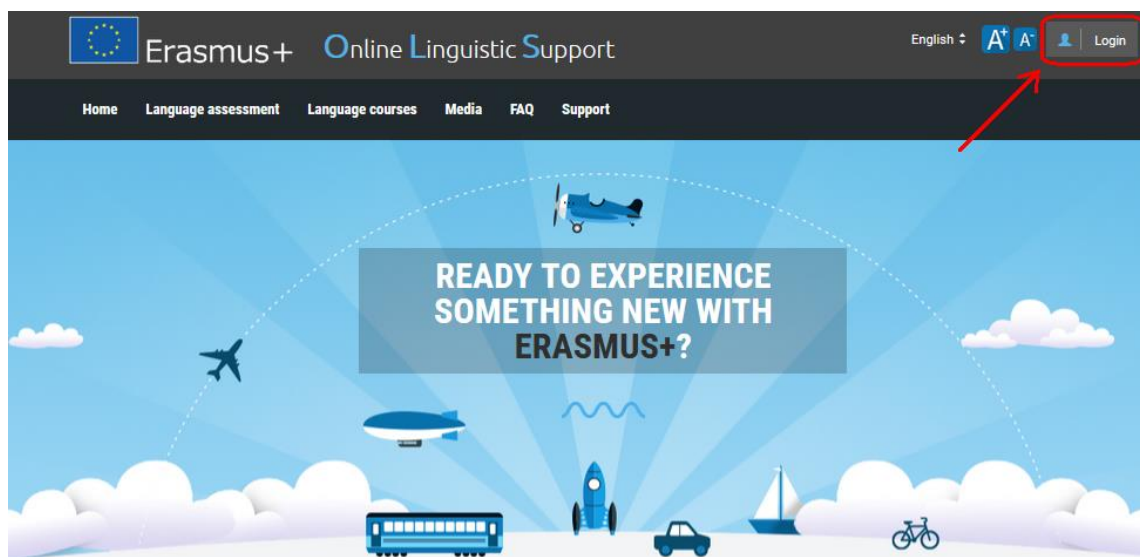

This user guide explains how to use the Erasmus+ OLS licence management system (back-end) in your role as a Beneficiary (BEN).

You will learn:

- How to log into the Erasmus+ OLS back-end;
- How the back-end is structured;
- How to use each feature, namely:
 - Allocating assessment licences to Participants,
 - Allocating course licences to Participants,
 - Monitoring the assessment and course licences used by Participants.

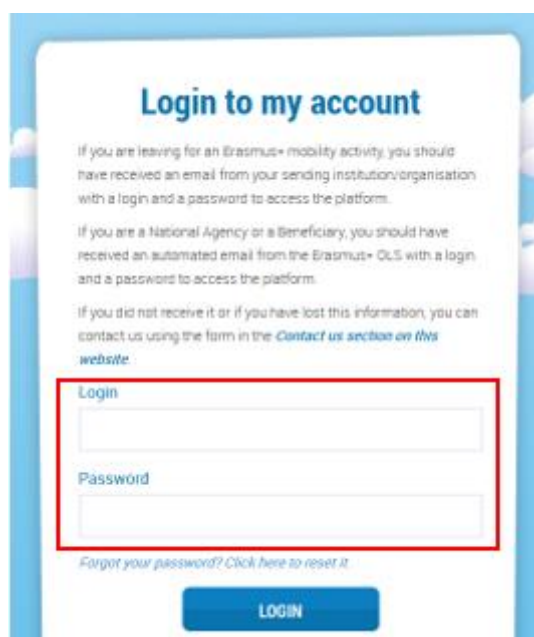

1. Access the OLS and log into the back-end

To access the OLS go to the following URL: <http://www.erasmusplusols.eu>.

To access the login page, click the **Login** button in the upper right corner of your screen.

To log in, type in the Login and the Password you received by email.

Login to my account

If you are leaving for an Erasmus+ mobility activity, you should have received an email from your sending institution/organisation with a login and a password to access the platform.

If you are a National Agency or a Beneficiary, you should have received an automated email from the Erasmus+ OLS with a login and a password to access the platform.

If you did not receive it or if you have lost this information, you can contact us using the form in the [Contact us](#) section on this website.

In case you encounter problems, you can contact the Helpdesk by clicking the **Support** button at the top of your screen.

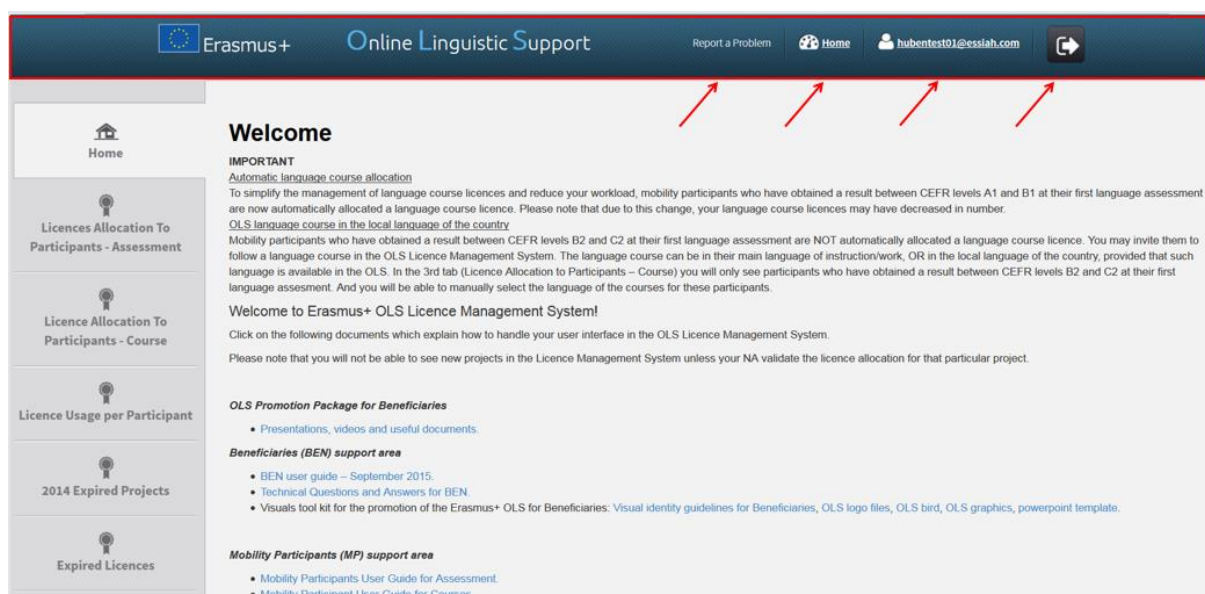

2. Structure of Erasmus+ OLS

The homepage of Erasmus+ OLS appears after you log-in.

On the static toolbar on the upper part of your screen you have 4 buttons:

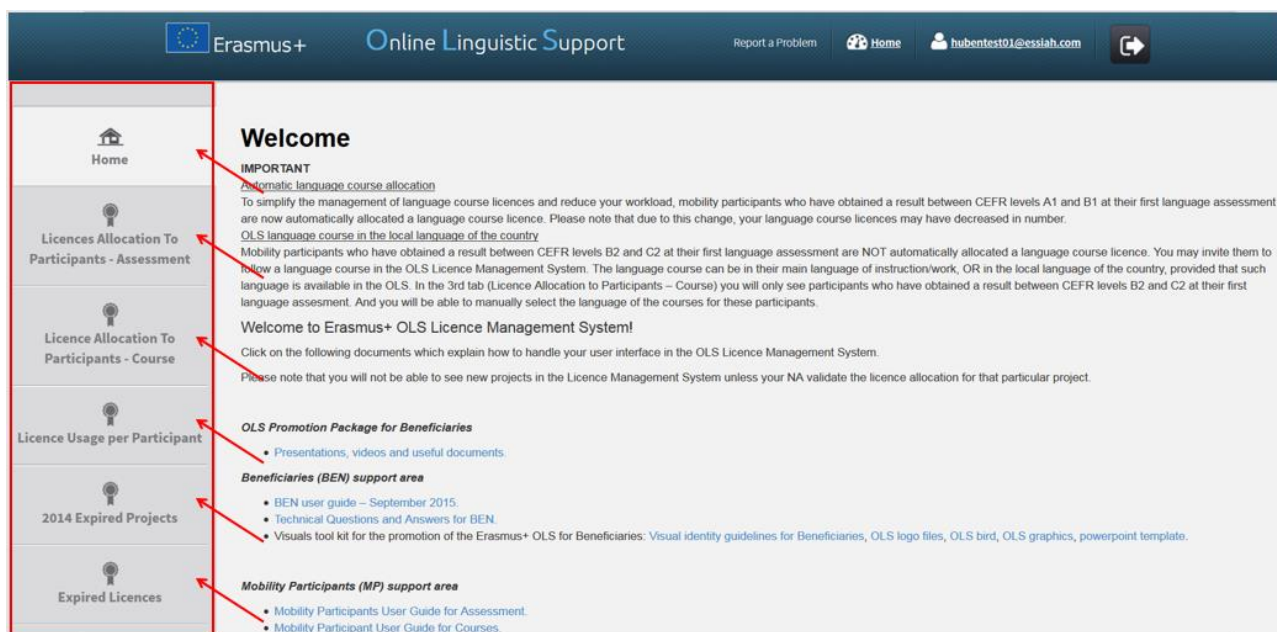

- Home button () – click on this button to go to the OLS back-end homepage.
- Profile button ( **be99ben05@mailinator.com**) – click on this button to go to your BEN user profile page.
- Report a Problem – click on the button to contact the Helpdesk for any technical problem.
- ESC () – click on the button to close your session.

On this page you find important information regarding updates, forthcoming features of the OLS and system alerts, as well as OLS communication materials facilitating your daily work.

Four tabs are available in the menu on the left hand side of your screen:

- Home (tab 1)
- Licence Allocation to Participants - Assessment (tab 2)
- Licence Allocation to Participants - Course (tab 3)
- Licence Usage per Participant (tab 4)
- Expired 2014 Projects (tab 5)
- Expired Licences (tab 6)

Click on any tab to navigate between Home, Licence Allocation to Participants – Assessment, Licence Allocation to Participants - Course and License Usage per Participant, 2014 Projects and Expired Licences.

3. Using the Erasmus+ OLS back-end features

In this section the main functionalities of the Erasmus+ OLS back-end are explained:

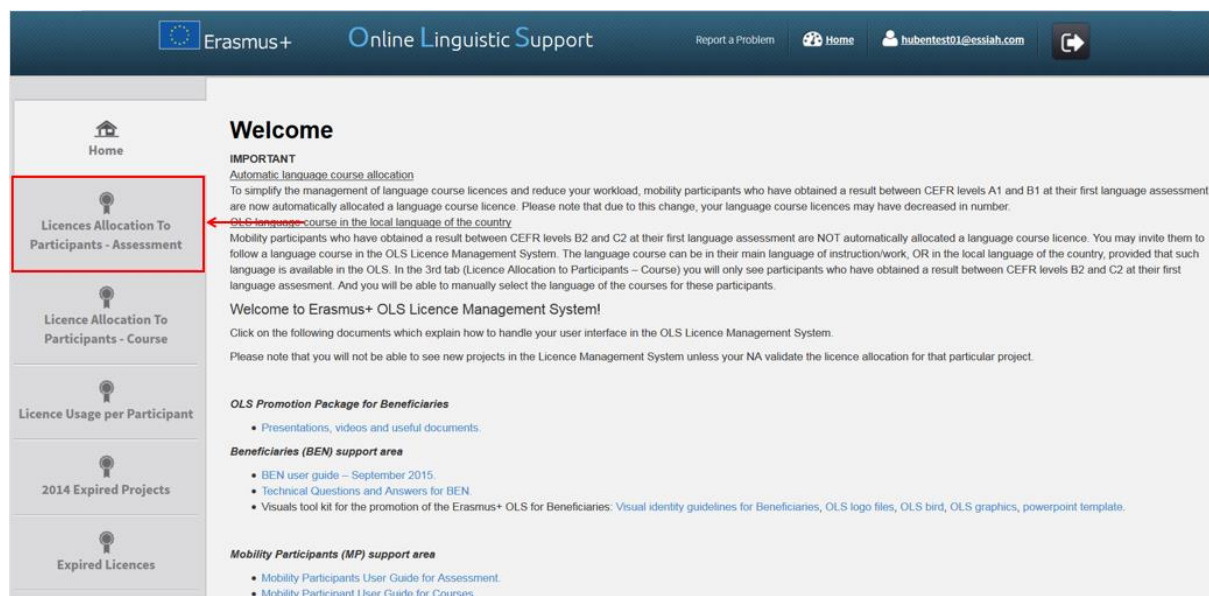

- 3.1 Allocating assessment licences to participants,
- 3.2 Modifying or cancelling an invitation and re-inviting participants,
- 3.3 Allocating course licences to participants,
- 3.4 Monitoring the licences usage of the participants,
- 3.5 Monitoring expired projects,
- 3.6 Monitoring expired licences,
- 3.7 Editing your profile and creating additional users.

3.1 How to allocate assessment licences to participants

The process of allocating licences occurs at different levels (i.e. DG EAC / NA / BEN) – for more information on the process please consult your National Agency.

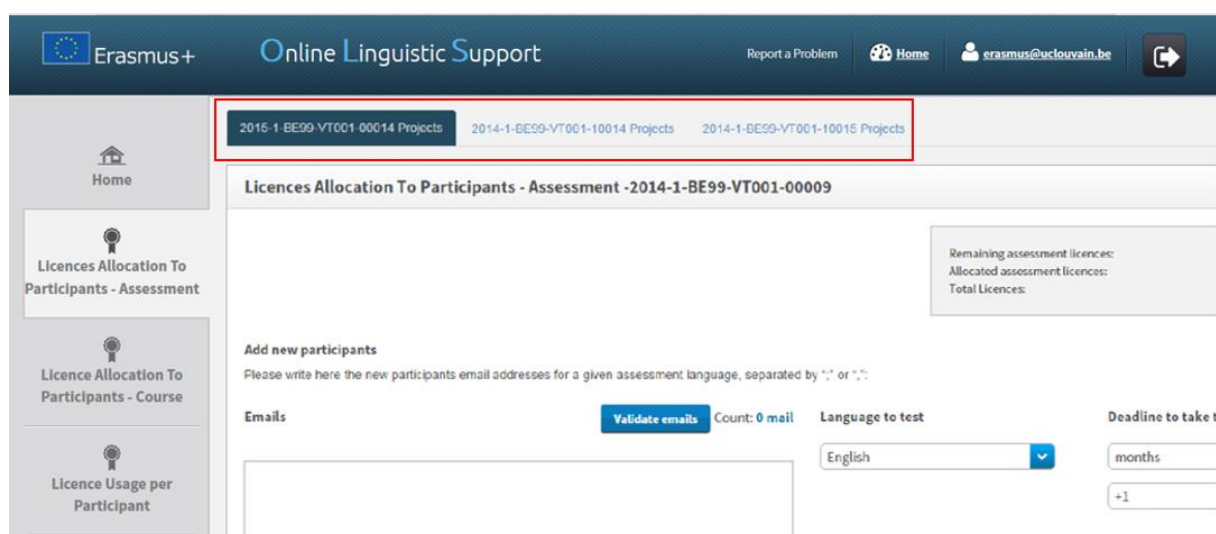

To allocate assessment licences to your participants, please follow these **step-by-step instructions**.

To access the section "Licence Allocation to Participants – Assessment", from your Home screen, click on the 2nd tab (**Licence Allocation to Participants – Assessment**).

You are now accessing the Licence Allocation to Participants – Assessment page.

If your institution/organisation is part of several projects, you can find several tabs at the top of the page. By navigating through these tabs, you can access the corresponding "Licence Allocation to Participants – Assessment" page related to each of your projects. If you have several projects, the project tabs are sorted chronologically from the most recent to the oldest.

In the upper right part of the screen, a summary box also shows information on:

- Your BEN's **remaining number of assessment licences**, i.e. the number of licences currently available for Participants allocation;
- Your BEN's **number of allocated assessment licences**, i.e. the number of assessment invitations already sent to your participants;
- The **total number of assessment licences** granted to your BEN by your National Agency (NA).

To allocate assessment licences to the selected project participants, please indicate, in the appropriate box, all their email addresses, separated by “,” or “;”. **N.B.:** you are requested to introduce together the email addresses of all participants who will be tested in the same language (for example, all participants taking their assessment in French). If you have groups of participants to be tested in different languages, repeat the following steps, language per language.

Before being able to move forward, you are requested to validate the email address list by clicking on **Validate emails**. A message appears when emails are successfully validated. Then, make sure the count of email addresses is correctly shown next to the **Validate emails** button.

You are also requested to select a **Deadline to take the test**. To do so, select the number of days or months given to the participants to take the test. Please note that the deadline should be set before the participant's departure date, especially for HE participants since the OLS assessment is a pre-requisite for mobility.

The screenshot shows the OLS assessment setup interface. The 'Emails' section displays a list of validated email addresses: example1@domain.com, example2@domain.com, and example3@domain.com. The 'Language to test' dropdown is set to 'English'. The 'Deadline to take the test' dropdown is set to 'months' and the '+1' option is selected. A red box highlights the 'Deadline to take the test' section.

Once the email list is validated, the language to test and the deadline to take the test are selected, the **Send assessment invitation(s) to the whole list** becomes active. Review all information before clicking on this button to send assessment invitations to all validated email addresses.

If your participants have to be tested in several languages, repeat the above instructions for each group of participants/languages.

Should you wish to receive a notification once a participant has completed the first language assessment, please click on your profile.

In your profile, you have the possibility to tick the "I want to receive a notification by email each time a participant has finished the first assessment" box. Further information is provided under point 3.7.

The screenshot displays the 'BEN user Profile' interface, divided into two main sections: 'BEN Information' and 'Change BEN User information'.

- Re-type Password:** [Empty field with an eye icon]
- Contact Name:** BE99 BEN 01
- Contact Number:** 0123456789

Below the contact number, there is a checkbox labeled: ☐ I want to receive a notification by email each time a participant has finished the first assessment. This checkbox is highlighted with a red rectangular box, and a red arrow points upwards towards it.

At the bottom of the form is a blue button labeled 'Save Changes'.

If you tick this box, you will receive an email notification whenever a participant has completed the first language assessment. These notifications are not sent instantly, but rather once every hour.

Please note, this notification is sent to the main email address, as well as to any aliases and additional email addresses linked to the profile.

When participants don't take the assessment within the deadline, their access to OLS is deactivated and the licence automatically returns to your remaining assessment licences if not yet used. For instructions on how to re-invite a mobility participant for the 1st language assessment, see point 3.4.1.

3.2 How to modify/cancel an invitation and re-invite participants

When invitations are sent, they cannot be edited or modified. If you need to modify or cancel an invitation, please follow these **step-by-step instructions**.

Licences can be cancelled provided that the participant(s) haven't started the language assessment yet. Licences that have been cancelled automatically return to your remaining assessment licences.

To cancel the invitation(s), you need to enter the email address(es) of the participant(s) that need to be cancelled in the invitation box and click on **"Validate emails"**.

3.3 How to allocate course licences to participants

The process of allocating licences occurs at different levels (i.e. DG EAC / NA / BEN) – for more information on the process please consult your National Agency.

3.3.1 Important information for Higher Education Institutions: automated allocation of course licences

Automatic language course allocation

Higher education participants who have obtained a **result between CEFR levels A1 and B1 in their first language assessment** are automatically allocated a language course licence. As an HEI you do not need to take any further action in the OLS Licence Management System.

The language course allocated is in the mobility language chosen for the assessment.

Course licences are automatically deducted according to the total course licences allocated. Therefore, participants with a level of B1 or below do not appear in this section. You are able to find these participants in the 4th tab (**Licence Usage per Participant**).

If there are not enough course licences to be automatically allocated to mobility participants, a warning appears on the “Home” page, indicating that the automated language course allocation has failed and will request you to contact your National Agency.

3.3.2 OLS language course in the local language of the country

Mobility participants who have obtained a **result between CEFR levels B2 and C2 in their first language assessment** might be invited to follow a language course in the OLS Licence Management System. The language course can be in their main language of instruction/work, OR in the local language of the country, provided that the language is available in the OLS.

In the 3rd tab (**Licence Allocation to Participants – Course**) you can also see mobility participants who have obtained a between CEFR levels B2 and C2 at their first language assessment. You are able to manually select the language of the courses for these participants.

For the specific instructions see point 3.3.3.

3.3.3 Manual allocation of course licences

Manual allocation of course licences applies to Youth, VET and HE participants (for HE only CEFR level B2 – C2).

To allocate course licences to your participants, please follow these **step-by-step instructions**, here below.

To access the section "Licence Allocation to Participants - Course", from your Home screen, click on the 3rd tab (**Licence Allocation to Participants - Course**).

If your institution/organisation is part of several projects, you can find several tabs on the top of the page. By navigating through those tabs, you can access the corresponding "Licence Allocation to Participants - Course" page related to each of your projects.

Expired projects (projects having reached their contractual end date) continue to be shown as a separate tab, thus allowing you to continue allocating course licences to mobility participants who have not yet returned from their mobility. For more information on expired projects, please consult point 3.6.

Below the summary, there are filters for 'New Participants', 'Records per page' (set to 10), 'Filter by Tested Language' (set to All), and 'Filter by Reached Level' (set to All). A search bar is also present. The bottom section shows a table with columns: Name, Estimated starting date of the mobility, Period of Mobility, Assessment Language, Assessment 1 Result, Select Local Language, and Select All.

In the lower part of your screen you see the list of participants related to the selected project who:

- Received an assessment licence;
- Have completed the first assessment;
- NB: for HE participants, only those having obtained a result between CEFR levels B2 and C2 at their first language assessment;
- Have not returned from their Erasmus+ mobility yet.

For each of your participants the following information is available:

- Name
- Estimated Starting Date of the Mobility
- Period of Mobility
- Assessment Language, i.e. the mobility language allocated to the participant for his/her language assessment
- First Language Assessment Result
- Select Local Language

You can also sort the information by alphabetical or numerical order by clicking on a column title.

The sidebar on the left contains navigation options: Home, Licences Allocation To Participants - Assessment, Licence Allocation To Participants - Course, Licence Usage per Participant, Expired Projects, and Expired Licences. The main content area displays the 'Licence Allocation to Participants - Course' table for the project '2015-3-AT01-KA105-0700011'. The table has columns for Name, Assessment Language, Assessment 1 Result, Estimated starting date of the mobility, Period of mobility, and Select All. A red box highlights the 'New Participants' section, which includes filters for 'Records per page' (set to 10), 'Filter by Tested Language' (set to All), 'Filter by Reached Level' (set to All), and a 'Search all fields (one word)' field. When participants do not connect to the language courses within 30 days after receiving the invitation, their access is deactivated and the licence automatically returns to your remaining language course licences.

3.3.4 Select the language of the course

You may invite participants listed in this screen – those who have obtained a result between CEFR levels B2 and C2 in their first language assessment – to follow a language course in their main language of instruction/work, OR in the local language of the country, provided that the language is available in the OLS.

In the column “**Select Local Language**”, a dropdown box gives you the option to select the course licence language that should be allocated. For participants who have obtained a result equal to C2, no language is selected by default. The mobility language (language assigned for the assessment) is selected by default but this can be modified.

- If the mobility language (same language as the first language assessment) is selected, both assessments and the courses will be in the same language.
- If the “Select Local Language” (language of the country in which the mobility occurs) is modified, this means the participant will have the option to access a course in a language other than that of the first assessment. The participant, however, needs to take the second language assessment in the mobility language.

Note that this is only possible if the participant hasn't started the test yet (if the participant has already started the test, the "Resend invitation" button won't be visible).

When clicking on the "Resend invitation" button, a pop-up message appears asking you to specify a new deadline to take the test.

The participant will receive another invitation with the new deadline to take the test.

By default, the language to be tested remains the same as the one specified in the first invitation. If you wish to modify this language, you will have to delete the participant and then re-invite her/him to take the test in the new language in the Licence Allocation to Participants – Assessment screen (3.1.).

A pop-up message then confirms the invitation has been successfully resent to the participant.

3.4.2 How to delete an assessment invitation sent to a participant

If you wish to delete an assessment invitation sent to a participant, click on the red button in the first column.

Note that this is only possible if the participant hasn't started the test yet.

A pop-up message appears asking you to confirm that you really want to delete the invitation.

A pop-up message then confirms the invitation has been successfully deleted.

The screenshot shows the Erasmus+ Online Linguistic Support interface. A pop-up message titled "Invitation canceled" is displayed, stating "This participant's invitation was successfully cancelled." Below the pop-up, the "Licence Usage per Participant" table is visible. The table has columns for Call, First Name, Last Name, Email, Assessment Invitation Date, Invitation Expiration Date, 1st Assessment Result, 1st Assessment Date, 2nd Assessment Invitation Date, 2nd Assessment Result, 2nd Assessment Date, Mob. start date, Mob. end date, Mob. duration (months), Mobility Language, Course Licence, Local Language, and Course Licence Allocation Date. The table lists several participants, including those with expired projects (2014).

3.5 How to monitor the expired projects

In version 6, a new tab entitled **Expired 2014 Projects** was added to facilitate the monitoring of projects and mobility participants. This allows your current projects (Call 2015 projects) to be kept separate from expired projects (Call 2014 projects).

When projects have expired (reached their contractual end date), their content is moved to this new screen.

For projects that have expired, it is no longer possible to invite mobility participants to take the 1st language assessment. However, mobility participants that have been invited to take the 1st language assessment before the project end date are still able to take the 1st and 2nd language assessment, and you are also able to invite them to follow a language course (in the Licence Allocation to Participants – Course screen under the tab of your 2014 project – see point 3.3).

To access the Expired Projects section from your Home screen, click on the 5th tab ("**Expired 2014 Projects**").

3.6 How to monitor the expired licences

With version 6, a new tab entitled **Expired Licences** was added to facilitate the monitoring of mobility participants who have missed the deadline to take the 1st language assessment or the deadline to start following the language course. From this tab you can also re-invite these language participants to the 1st language assessment or the language course.

When a participant receives an invitation to take the assessment, he/she has to take it within the deadline, as specified when the invitation was sent (see point 3.1 for all details about assessment allocation to participants). If this licence is unused (participant has never accessed the 1st language assessment) it is considered to be expired. Expired licences are returned to your institution/organisation.

Note: Participants whose language assessment or course licence is still active (deadline not reached yet) are not shown in this screen. Equally, participants who started the 1st assessment without completing it are not shown in this screen (licence is lost). These participants are shown in the screen Licence Usage per Participant.

The expired licences can be found in the Erasmus+ OLS back-end **Expired Licences** screen.

To access the Expired Licences section from your Home screen, click on the 6th tab (**Expired Licences**).

3.6.1 How to reallocate a language assessment to a participant whose licence has expired

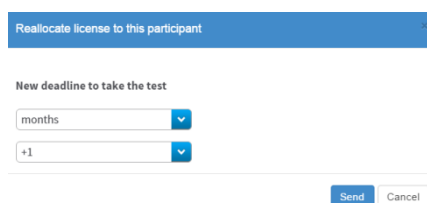

The participants listed in this tab have missed the deadline to access the 1st language assessment and have never accessed the 1st language assessment. Therefore, the licence has expired and has been returned to you.

If you wish to resend an invitation for the language assessment to a participant, click on “Reallocate Invitation” (blue button) in the first column.

	Call	Project Code
	2014	2014-1-BE99-VT001-00014

Note that when resending an invitation for the language assessment, a pop-up message appears asking you to specify a new deadline to take the test.

A pop-up message then confirms the invitation has been successfully resent to the participant.

Please note:

- Participants, who have started but not completed the 1st assessment within the specified deadline, are not shown in this screen. Their assessment licence is lost and these participants can only be re-invited using a new licence and a new email address (see point 3.1).
- The “reallocate” feature from the Expired Licences page is a shortcut to redistribute a new licence to a selected mobility participant with the same language to test and from the same project. This Expired Licences page does not allow you to change the language of an invitation. If you wish to change the language of an invitation use the “Licence Allocation to Participants – Assessment” tab and select the appropriate language to test (see 3.1.).
- A participant who has been invited several times (following the expiration of its previous invitations) is listed several times. Each row corresponds to an expired invitation.

Resending an invitation from this screen has several consequences:

- A new email invitation to take the language assessment is sent to the participant
- A new licence is being used and your stock of licences decreases in number.
- If there are no available licences left in that project, a warning message will appear.

- The participant reappears on the "Licence Usage per Participant" page.
- The "Reallocate" button on the "Expired Licences" page disappears. If you want to re-invite the participant, there are two possibilities:
 - If the participant's new licence has not expired yet: resend the invitation via the "Licence Usage per Participant" tab;
 - If the participant's new licence has expired: this participant appears on the "Expired Licences" page.

3.6.2 How to reallocate a language course to a participant whose licence has expired

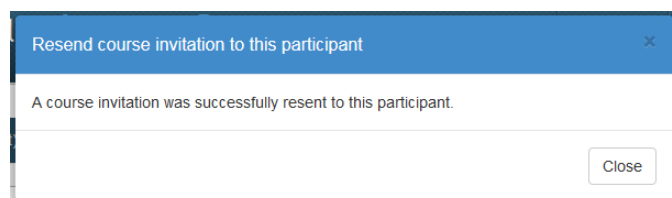

First, click on the tab “Expired Licences LC (Course)”.

If you wish to resend a language course invitation to a participant, click on “Reallocate Invitation” (blue button) in the first column.

	Call	Project Code
	2014	2014-1-BE99-VT001-00014

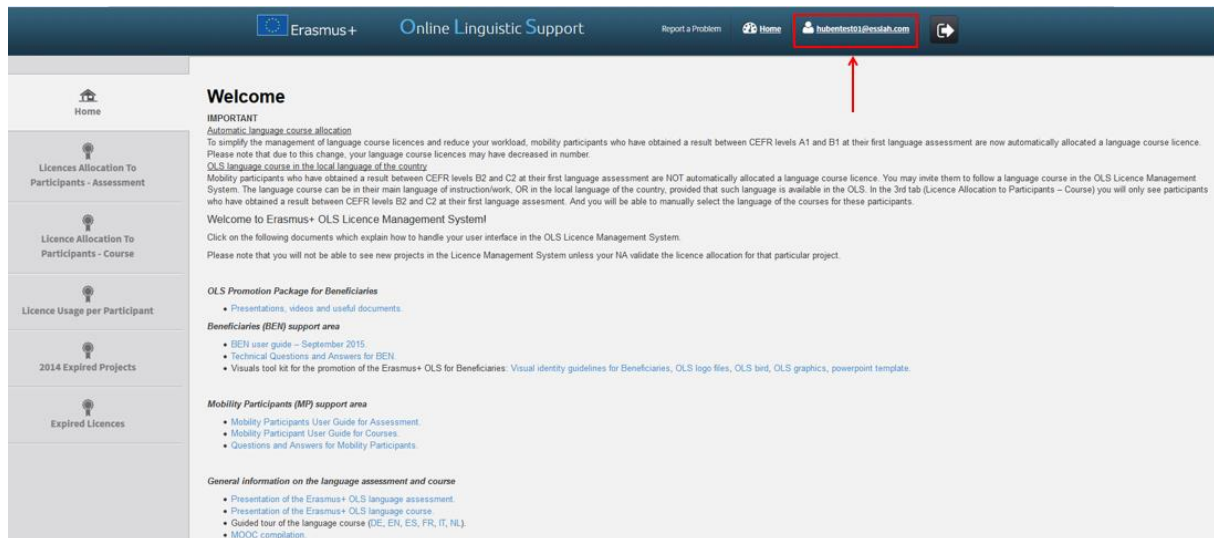

A pop-up message then confirms the invitation has been successfully resent to the participant.

Note: The “reallocate” feature from the Expired Licences page is a shortcut to redistribute a new licence to a selected mobility participant with the same language to test and from the same project. This “Expired Licences” page does not allow you to change the language of an invitation.

3.7 How to edit your profile and create additional users

If you need to edit your profile or create additional user aliases, click on the "Profile" button in the upper right corner of your screen.

The profile page is divided into 4 parts:

- **BEN information:** includes your BEN PIC, BEN Name and Country. You cannot modify this information.
- **Change BEN User information:** allows you to edit your profile information except the login.
- **Creation of additional users:** allows you to create additional users (called aliases) with the same access rights as your current BEN user account.
- **Additional Email for receiving notifications:** allows you to add email addresses.

A screenshot of the 'BEN user Profile' page. The page is divided into two main sections: 'BEN Information' and 'Change BEN User information'. The 'BEN Information' section shows fields for BEN PIC (999980664), BEN Name (UNIVERSITE CATHOLIQUE DE LOUVAIN), and Country (Belgium). The 'Change BEN User information' section shows fields for Login (erasmus@uclouvain.be), Password (masked with dots), Re-type Password, Contact Name (Bart Stoffels), and Contact Number (0). There is a checkbox for 'I want to receive a notification by email each time a participant has finished the first assessment' and a 'Save Changes' button.

3.7.1 How to edit your profile

In section “Change BEN User information”, you can edit your password. The contact name and contact number are not editable as they are automatically imported from EPlusLink. Once you have made the necessary changes, click on **Save Changes**, on the lower left part of the section. A message then appears to confirm that changes have been successfully saved.

3.7.2 How to receive a notification each time a mobility participant has completed the 1st language assessment

Should you wish to receive an email notification each time a mobility participant has completed the 1st language assessment, you can tick the box "I want to receive a notification by email each time a participant has finished the first assessment". Once you have made the necessary changes, click on **Save Changes**, on the lower left-hand side of the section. A message then appears to confirm that the changes have been successfully saved.

The screenshot displays the 'BEN user Profile' form. It is divided into two main sections: 'BEN Information' and 'Change BEN User information'. The 'BEN Information' section includes fields for 'BEN PIC' (25), 'BEN Name' (Test BEN 01), and 'Country' (Belgium). The 'Change BEN User information' section includes fields for 'Login' (be99ben01@mailinator.com), 'Password', 'Re-type Password', 'Contact Name' (BE99 BEN 01), and 'Contact Number' (0123456789). Below the 'Contact Number' field, there is a checkbox labeled 'I want to receive a notification by email each time a participant has finished the first assessment'. A red arrow points to this checkbox, and a red box highlights the checkbox and its label. A 'Save Changes' button is located at the bottom of the form.

If you tick this box, you will receive an email notification whenever a participant has completed the first language assessment. These notifications are not sent instantly, but once every hour.

Please note, this notification is sent to the main email address, as well as to any aliases and additional email addresses linked to the profile.

When participants don't take the assessment within the deadline, their access to OLS is deactivated and the licence automatically returns to the remaining assessment licences tab.

This functionality can be very useful if you are a VET or Youth Beneficiary and you want to be notified on completed 1st language assessments so that you can invite your mobility participants for the language course (no automatic language course allocation as for Higher Education Institutions).

3.7.3 How to create additional users (aliases)

It is possible to create additional users to facilitate and share the work of the OLS among members of the same Beneficiary.

An alias only has access to the project(s) of the OLS contact person, to whom it is the alias of, benefitting from the same rights and functionalities as that person.

Please note that in the OLS system email addresses are used to identify an OLS user according to four specific roles: NA, NA alias, BEN, BEN alias, and mobility participant. Every person – thus every email

address – can only have one role. Therefore aliases cannot be created for email addresses already in use as BEN contacts for 2014 or 2015 projects.

In the third part of your profile page, click on **Add New Alias** to start creating an additional user for your BEN with the exact same access rights.

The screenshot shows a web interface titled "Creation of additional users". It contains a table with the following data:

Login	Password	Email	Delete
test200		test200@domain.com	<button>Delete</button>

Below the table, there are two buttons: **Add New Alias** (highlighted with a red box) and **Save Changes**. To the right of the table, there are navigation links: "Previous", "1" (active), and "Next".

In the newly created line of the table, choose the credentials of the new BEN user account. Enter a login (may be different from the email address), a password and an email address.

Once you have entered the required data, click on **Save Changes**, on the lower left part of the page. The newly created user then appears on screen. To edit the new user credentials after creation, click on the fields you want to edit, change the field information and click on **Save Changes**.

Credentials are automatically sent to the newly created user.

The screenshot shows the same web interface as before, but now with two users in the table:

Login	Password	Email	Delete
test200		test200@domain.com	<button>Delete</button>
test300	••••••••	test300@domain.com	<button>Cancel</button>

The new row for "test300" is highlighted with a red box. Below the table, the **Save Changes** button is now highlighted with a red box. The **Add New Alias** button is still present. The navigation links remain the same.

3.7.4 How to delete additional users (aliases)

In the third part of your profile page, click on the **Delete** button next to the alias user you would like to delete. The alias user then disappears from the list of additional users.

3.7.5 How to add or delete additional email addresses for future notifications

In the fourth part of your profile page, click on **Add New Notification Email** to add an additional email address for future notifications. These notifications include, among others, the notification on project validation by the NA and the notification on completed 1st assessments (see point 3.7.2).

In the newly created line of the table, enter the additional email address.
