

ANNEX III – FINANCIAL and CONTRACTUAL RULES – KEY ACTION 1

I. INTRODUCTION

This annex complements the rules applicable to the use of the grant under the different budget categories applicable to the Project as specified in the Agreement. These clarifications are contained in section II.

In section III, it specifies the rates applicable to the budget categories for which unit contributions apply as specified in Article II.16.2 of the Agreement.

Section IV provides an overview of the types of checks that the beneficiary may be subject to and the related supporting documents.

II. COMPLEMENTARY FINANCIAL AND CONTRACTUAL RULES

A. Eligible activities and expenses

1. Eligibility of mobility activities
 - The beneficiaries shall ensure that the mobility activities undertaken by individual participants are eligible in accordance with the rules set out in the Erasmus+ Programme Guide.
 - Mobility activities undertaken that are not compliant with the rules set out in the Erasmus+ Programme Guide as complemented by the rules set out in this Annex will be considered ineligible. The grant amounts corresponding to the activities concerned shall be reimbursed in full by the beneficiaries. The recovery shall cover all budget categories in relation to the mobility activity that is declared ineligible: these may be travel, individual support, organisational support, and, where applicable, linguistic support, special needs and exceptional costs.
 - The eligible minimum duration of mobility activities specified in the Programme Guide is the minimum duration of the activity excluding time for travel.
2. Travel
 - The coordinator shall report in the Mobility Tool the place of origin and the place of the venue for each mobility activity for which grant support for travel was awarded.
 - In case no travel took place or it was funded from other sources than the Erasmus+ Programme (e.g. a mobility participant is already at the place of the venue in relation to another activity than the one funded from the Agreement), the beneficiary shall report that situation accordingly in Mobility Tool for each mobility concerned. In this case, no grant support for travel costs will be awarded.

- For the establishment of the distance band applicable, the beneficiary shall use the on-line distance calculator available on the Commission's website at http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm. Mobility Tool will calculate the grant amounts for travel based on the applicable unit cost rates.
- By default, the place of origin is understood as the place where the sending organisation is located and the place of the venue as the place where the receiving organisation is located. If a different place of origin or venue is reported, the beneficiary shall provide the reason for this difference in Mobility Tool.

3. Individual support

- The coordinator shall document in the Mobility Tool the start and end dates of the mobility activity abroad for each mobility activity for which grant support for individual support was awarded.
- Mobility Tool will calculate the grant amounts for individual support based on the applicable unit cost rates.
- If the duration of a mobility activity abroad is longer than the one indicated in the grant agreement with the participant, the coordinator shall amend the grant agreement to take into account the longer duration, provided that the remaining grant amount allows it. In such case, the beneficiaries shall indicate in the Mobility Tool the start date and the end date in line with the amended grant agreement.

4. Organisational support

- The coordinator shall report in the Mobility Tool the start and end dates of the mobility activity abroad for each mobility activity for which grant support for organisational support was awarded. If necessary, the coordinator may add one day for travel directly before the first of the activity abroad and one day for travel directly following the last day of the activity abroad; these extra days for travel will be considered for the calculation of the organisational support.
- For youth exchanges and youth workers: The coordinator shall also report the start and end dates for the participants from the host country.
- For youth workers and EVS: Participants in the activities shall report on this activity via an on-line questionnaire providing their feedback on factual and qualitative elements of the activity period abroad, as well as of its preparation and follow-up.
- Mobility Tool will calculate the grant amounts for organisational support based on the applicable unit cost rates. For Projects for which the coordinator is a public body at regional or national level, an association of regions, a European Grouping of territorial Cooperation or a profit-making body active in Corporate Social Responsibility, the unit costs specified in Section IV of this Annex are reduced by 50%.

5. Linguistic support

Rounds I and II

- Grant support for linguistic support can be claimed only for volunteers for a mobility duration abroad of minimum two months.
- The beneficiary shall report in the Mobility Tool for each participant whether or not language preparation was undertaken with the support of the grant awarded for linguistic support.
- Mobility Tool will calculate the grant amounts for linguistic support based on the applicable unit cost rate.

Online Assessment (Round III)

- Linguistic assessment licences are provided for learners undertaking a mobility period abroad for a minimum period of two months.
- The licences shall be distributed to the participants from all the beneficiaries. The co-beneficiaries shall ensure that the use of and reporting on the licences are in line with the requirements and shall provide the coordinator with all necessary information in this regard.
- The beneficiaries shall distribute the linguistic assessment licences to participants as of their selection for the mobility activity abroad. Participants who are native speakers of the main language of work or instruction abroad are not subject to this linguistic assessment.
- The beneficiaries shall ensure that the mobility participants take part in the online assessment before and at the end of their mobility period. [For HE only: The coordinator will be notified of the assessment results by the on-line service provider.]

Online language courses

- The licences shall be distributed among the participants from all the beneficiaries according to their needs. The co-beneficiaries shall ensure that the use of and reporting on the licences are in line with the requirements and shall provide the coordinator with all necessary information in this regard.
- Online language course licences must be used in the period between the linguistic assessments at the start and end of the mobility activity of the participants concerned. Participants must have taken an online linguistic assessment before they can be awarded a licence for participating in an online language course.
- The beneficiaries shall monitor the use of licences on the basis of information provided by the service provider.

- The beneficiaries shall make every effort to ensure that all the allocated licences are used by the selected participants.
- To maximise the online linguistic support, the unused licences shall be returned to the National Agency.

All licences

- The beneficiaries shall act in line with the Technical instructions for the use of the EU online linguistic support available on the NA website.
- The coordinator shall report on the number of used assessment and language course licences in the Mobility Tool. In case of unused or non-allocated licences, the NA may decide to take this into account for the allocation of the number of licences awarded to the beneficiaries in the subsequent years and selection rounds.

6. *Course fees: not applicable*

7. *Special needs support*

- The coordinator shall report in the Mobility Tool for whether additional grant support for special needs support was used for any of the participants with special needs.
- In such case, the coordinator shall report in Mobility Tool the type of additional expenses as well as the actual amount of related additional costs incurred.

8. *Exceptional costs*

- Exceptional costs can cover only the costs stipulated in Article II.16.4 of the Agreement.
- The coordinator shall report in the Mobility Tool the type of expenses and actual costs incurred for exceptional costs.
- For exceptional costs, the coordinator is required to provide all supporting documents at final report stage.

B. Grant reduction for poor, partial or late implementation

- Poor, partial or late implementation of the Project will be established by the NA on the basis of:
 - The final report submitted by the coordinator;

- Reports from individual persons taking part in the mobility activities.
- The NA may consider also information received from any other relevant source, proving that the Project is not implemented in accordance with the contractual provisions. Other sources of information may include monitoring visits, desk checks or on the spot checks undertaken by the NA.
- The final report will be assessed on the basis of quality criteria and scored on a total of maximum 100 points. If the final report scores less than 50 points in total, the NA will reduce the final grant amount on the basis of poor, partial or late implementation of the action even if all activities reported were eligible and actually took place.
- For EVS accredited organisations only: In the case of accredited organisations, if the NA considers that the implementation of the Project does not respect the quality commitment undertaken by the beneficiary, the NA may in addition or alternatively require the beneficiary to develop and implement an action plan within an agreed timeframe to ensure respect of the applicable requirements. If the beneficiary does not implement the action plan satisfactorily by the due date, the NA may withdraw the accreditation of the beneficiaries concerned.
- The final report will be assessed in conjunction with the reports from the mobility participants, using a common set of quality criteria focusing on:

For non-accredited organisations:

- The extent to which the action was implemented in line with the approved grant application
- The quality of the learning outcomes and impact on participants
- The impact on the participating organisations
- The quality of the practical arrangements provided in support of the mobility, in terms of preparation, monitoring and support to participants during their mobility activity
- The quality arrangements for the recognition/validation of the learning outcomes of participants
- The extent to which the grant amounts due to mobility participants were transferred to them in accordance with the contractual provisions set out in the agreement between the respective beneficiary and participant following the templates provided in Annex IV of the Agreement.

for EVS accredited organisations:

- The extent to which the action was implemented in line with the approved grant application

- The extent to which the action was implemented in respect of the quality and compliance requirements set out in the EVS charter.
- The extent to which the grant amounts due to mobility participants were transferred to them in accordance with the contractual provisions set out in the agreement between the beneficiary and the participant following the templates provided in Annex IV of the Agreement.
- A grant reduction based on poor, partial or late implementation will be applied to the final amount of eligible expenses for organisational support and exceptional costs and will be of:
 - 25% if the final report scores between 41 and 50 points both included;
 - 50% if the final report scores between 26 and 40 points both included;
 - 75% if the final report scores between 0 and 25 points both included.

IV. Provision of supporting documents

In accordance with Article II.27, the beneficiaries may be subject to checks and audits in relation to the Agreement. Checks and audits aim at verifying whether the beneficiaries managed the grant in respect of the rules set out in the Agreement, in order to establish the final grant amount to which the beneficiaries are entitled. To that effect, the beneficiaries may be subject to the following types of checks:

- Final report check: NA check at final report stage undertaken at the NA premises in order to establish the final grant amount to which the beneficiaries are entitled. This type of check will be undertaken in all cases;
- Desk check: in-depth check of supporting documents at the NA premises, usually at or after final report stage, if the Agreement is included in the NA sample for desk checks required by the European Commission or if the NA included the Agreement for a targeted desk check based on its risk assessment;
- On the spot check: check at the premises of the beneficiaries or at any other relevant premise for the execution of the Project. The beneficiaries may be subject to an on the spot check if the Agreement is included in the NA sample for on the spot checks required by the European Commission or if the NA included the Agreement for a targeted on the spot check based on its risk assessment. There are three types of possible on the spot checks:
 - On the spot check during action: check undertaken during the implementation of the Project
 - On the spot check after action: check undertaken after the end of the Project and usually after the final report check;
 - Systems check: check of the beneficiary in order to establish compliance with the commitments undertaken as a result of the EVS charter

The table below specifies the subject of the NA verification for each budget category under the different types of checks. The beneficiaries shall note that the NA may request for any type of check also supporting documents or evidence that are typically specified for another type of check in the table below.

In view of checks, the coordinator shall supply supporting documents in original, including for supporting documents from the other beneficiaries. In so far as any of the beneficiaries is legally not authorised to send original documents for final report or desk checks, the beneficiary concerned may send a copy thereof instead. The NA shall return original supporting documents to the coordinator upon its analysis thereof.
